Further meetings:

Site Safe are planning to conduct this type of Forum for the Wanganui area at approx. 6 month intervals however this is generally based on the industry needs. If you would like Site Safe to consider running more frequent seminars such as this please email Tony Greeve and outline what subject matter might be useful. In the interim the Manawatu Health and Safety Forum is open to anyone who wishes to attend. The next meeting in Palmerston North is planned for the 20th July 2016, and we will looking at the New Regulations relating to Asbestos that came into effect on the 4th April. If you are interested in attending this or any subsequent forum, again please contact Tony to get put onto the mailing list. If you are working in any way with Asbestos please consider looking at the draft Code of Practice which is out for consultation, a copy of which can be found at the following link:

<http://www.business.govt.nz/worksafe/about/who-we-work-with/consultation/open-for-consultation/management-and-removal-of-asbestos/consultation-draft-management-and-removal-asbestos.pdf>

There is also a link to a discussion document that looks at Guidelines for conducting Asbestos Surveys which may be of interest to those working in this area, <http://www.business.govt.nz/worksafe/about/who-we-work-with/consultation/open-for-consultation/consultation-on-gpg-conducting-asbestos-surveys/gpg-conducting-asbestos-surveys-public-consultation.pdf>

There is also another round of seminars in progress from BSM in June, the seminar for Manawatu is on the 2nd June at the Manawatu Golf Course and this seminar particular is generally targeted at the Manufacturing Industry, is hosted by Worksafe NZ and ACC and is providing further updates on the Health and Safety at Work Act 2015.

To book in go to the following link: <http://www.bsm.org.nz/rsvp.html>

The meeting closed at 7.00pm.
