

Safe practices when using face masks on site

Wash hands first

Always make sure you wash your hands thoroughly before and after touching a mask.

Masks

There are many different kinds of masks, depending on the task.

The right side

There is a metal clip at the top of the mask.

Placement

Place the metal clip across the top of your nose.

Attach the mask

Attach the mask by pulling the elastic bands over your ears.

Stretch down

Stretch the mask down, so that it covers your chin.

Adjust

Bend the metal clip around your nose so that it sits securely.

Taking off the mask

Pull the elastic bands away from your ears.

Disposal

Always place the used mask in a closed rubbish bin for secure disposal.
