

# FOREIGN LANGUAGE DELIVERY OF SITE SAFE TRAINING COURSES

New Zealand's construction industry is made of up many ethnic groups. Site Safe recognises that our health and safety training must be delivered in many different languages to meet the industry's diverse needs in order to promote and advance a culture of safety.

## Available Courses

Site Safe regularly delivers courses in Auckland, Wellington and Christchurch in various foreign languages. The following Site Safe training courses are available upon request:

- › Foundation Passport - Building Construction (popular)
- › Foundation Passport - Civil
- › Foundation Passport - Consultants
- › Foundation Passport - Electricians
- › Passport Plus - Height
- › Passport Plus - Worker Health
- › Passport Plus - Tools & Plant
- › Passport Plus - Flexi (classroom component)

We are able to deliver courses in the following foreign languages:

- › Thai
- › Vietnamese
- › Samoan
- › Tongan
- › Mandarin
- › Korean
- › Filipino (Tagalog)

*\*Note: Other languages are available on request. You can also bring your own personal interpreter to a course. Please contact us in advance to arrange this.*

## Location in New Zealand

We can cater to the individual needs of your company by providing foreign language courses across New Zealand.
